The sole object of the college of the mission of the college is to ensure academic support by innovative way with modern techniques." We are confident that education for total human development and our teachers play the centre roll because each class is new one and each student is new one also"

1.2 Strength, Weakness, Opportunity and Challenges(SWOC)

Institutional Strength

To prepare for Self-Study Report in connection with the NAAC a feature of institutional strengths is being noted in favour of Rishi Aurobindo Institute of Teacher Education, a self-financed B.Ed. (Bachelor Education) college is situated in the rural Midnapore Sadar Block of the State of West Bengal in the district of Paschim Medinipur where most of the inhabitants are living below poverty level. Notwithstanding we the college authority are always emerging to establish an educational atmosphere for which the society people are connected with their Education and Knowledge in every step.

It is not a General College but being a Professional College, it had separate training Set up for the secondary level for all students of Graduate / Postgraduate and their imagination emphasize to build up the career. Our strengths our local people, teachers and students and the respectable Governing Body of the college who are always solicitous all round development of the college environment with a gravity and innovative steps.

We have a strong faculty member who are continuously engaged to enrich different programs which are related to curriculum structure and always advocating to extend or guide professional quality and quantity education also.

To strengthen innovative teaching learning process with the students in the classroom transaction, our teachers are well-versed and well-acquainted to maintain standard of the institutional excellence.

It is also mentionable that this college has another wing which is called D. El. Ed (Diploma in Elementary Education) course for two years and this course has also been performed with the same building with a reputation also.

Since functioning of the college, year- wise result of the students in different courses is appreciable.

Institutional Weakness

For the Assessment and Accreditation process in connection with the NAAC, a brief note of institutional weakness is under noted.

Our Rishi Aurobindo Institute of Teacher Education, a self-financed B.Ed college, is situated in a SC/ST concentrated backward village namely Panchkhuri which is connected with the High Way about 1.5 km distance. Our main weakness is out of 1.5 km. road 0.5 km. is now under construction. Our college authority has already taken various steps with Block Development Office and MKDA (Midnapore Kharagpur Development Authority) to construct the pucca road. It is one of the weakness in favour of our college which creates obstacles to come to the college proper time. Such type of inconvenience are wasting college development work as well as teaching learning process and it has also been hampering to reach our targeted activities. Not only that there is also problem of carrying building materials for the infrastructure development work.

But we are confirmed and hope that we will overcome this disadvantages very soon for which also all sorts of weakness in connection with the development of the college are would be solved and it is our confidence or strong faith.

Institutional Opportunity

It is a great pleasure of opportunities that our college Rishi Aurobindo Institute of Teacher Education is situated at rural pleasant environment where calmness and peacefulness atmosphere are being existed. It is our great extra advantages that there is no such hue and cry or sensational affairs have been raised at college campus. About 6 to 7 km distance from the district town students can avail all sorts of transport facilities during their journey for attending classes. To control environmental pollution tree plantation has been done in the college campus. In close cooperation with the State Bank of India, Panchkhuri Branch tree plantation in the road side with barbed wire fencing has been arranged. Every year during Aranya Saptaha observed by Dept. of Forest the arranged tree plantation and seedling distribution in the surrounding villages to motivate the usefulness of forestry. Beside this campaign for toilet use, safe drinking water use etc. have been arranged.

It is also notable that people of the college adjacent villages are mostly backward belong to SC/ST. They are living below poverty line. Every year the college authority make an arrangement for providing them food grains, cloths etc. Not only that distribution of textbook camps have also been arranged for the students of different classes of the schools who are needy and poor and not able to collect or purchase the books in the academic year.

Institutional Challenge

Institutional challenges are the factor of the college to maintain development of all sorts of activities which are required.

Firstly, we have to decide all-round development of the college with a strong Faculty members and Teaching Learning Procedure would be the first priority for which University Curriculum Structure would be followed.

Secondly, Curriculum Structure would be reviewed time to time and presented to the students for which they would be accepted this procedure.

Thirdly, steps have been taken as per University concern for examination through Semester wise.

Fourthly, In the rural area where college situated people belong to SC/ST categories and there a professional college has been functioning since 2015 with a right way.

Fifthly, College Authority always tried to give scholarship facilities to the students who belong to economically and educationally backward section of the society.

So, challenges are foot stepping of all-round development of the college. To reach the target of aims and objects of the college we have to determine for successful implementation of the professional course in this rural area.

1.3 CRITERIA WISE SUMMARY

Curricular Aspects

The duration of the B.Ed. (Bachelor of Education) programme is of two academic years consisting of four semesters. The academic year commences from 1st July of every year and ended 30th June after two years. Each semester is six months duration including regular classes, assignments, practice teaching, and examinations.

The curriculum has been designed to integrate the study of subject knowledge, human development, and pedagogical knowledge and communication skills. The programme comprises three broad curriculum areas: Perspective in Education, Curriculum and Pedagogic Studies, and Engagement with the Field. The courses under each of these curriculum based on a close reading of original writings, seminar/ term paper presentation and continuous engagement with the field. Transaction of the courses done using a variety of approaches, such as case studies, discussions on reflective journals, observation of children, and interactions with the community in multiple socio-cultural environments.

Information and Communication Technology (ICT) , gender, yoga education, and disability/ inclusive education form an integral part of B.Ed. curriculum.

The Perspective in Education include courses in the study of childhood, child development and adolescence, contemporary India and education, philosophical and sociological perspectives in education, theoretical foundations of knowledge and curriculum, teaching and learning, gender in the context of school and society, and inclusive education. Courses in Curriculum and Pedagogic Studies include aspects of language across the curriculum and communication, understanding of a discipline, social history of a school subject, and its pedagogical foundations, with a focus on the learner; and a course on the theoretical perspectives on assessment for learning. B.Ed. programme provide for sustained engagement with the Self, the Child, Community and School, at different levels and through establishing close connections between different curricular areas. This curricular area serves as an important link between the two broad curricular areas through its three components: (a) Tasks and Assignments that run through all the courses (b) School Internship and (c) Courses on Enhancing

Professional Capacities.

Teaching-learning and Evaluation

Teaching Learning & Evaluation is the main role of every academic year. There is an arrangement for online admission into B.Ed. course which is running in fruitful way. This is our Training College, so our learners are always trying to make how to teach future learners & this procedure has been taken since commencement of the academic course.

On every year at the time of new session, in the first day of commencement of classes freshers are invited to present in the induction meeting to intimate them with the teaching learning method, ICT facilities for teaching learning, evaluation system, practice teaching, use of library, proper dress code and I-card. They are administered with the rules and regulations of the college. College Prospectus is provided to the student for wide information.

Teachers trained to the trainee students for preparing learning design through different skills and how to teach in proper way through ICT and TLM. The Institute always ensures to enrich teaching learning process to participative learners in the different courses throughout the learners. In our teaching learning procedure seminars, workshop, project work, school Internship programme, and conduction of evaluation are to be conducted by the teacher with the support of the college authority in every academic year. Overall, every sorts of appropriate methodology, modern techniques are applied to follow the learning management system which is more meaningful.

After completion every academic year there is a strategy to arrange external and internal evaluation program and its result called learning outcome which are conducted by the examinee body. Throughout the year, the result in each semester examination is highly satisfactory.

Infrastructure and Learning Resources

The college spreads over a compact area of 4047 sq.mt. land with built up area of 3211.87 sq.mt. Infrastructure and learning resources facilities. There are sufficient Class Rooms, Smart Class Room, Laboratories along with a big Multipurpose Hall, Seminar Room, Staff Room, Administrative Office, Computer Room, Store Room, Canteen etc. Library cum Reading Room with sufficient books and journals exists which are related to the teaching learning process. The institution has extended scope of library facilities for the poor and meritorious students in the locality who are studying in the colleges. Our Managing Committee also gives priority to promote good teaching learning environment

The infrastructure facilities available are utilized to the optimum level for academic programme, administrative function, co-curricular and extra-curricular activities and examination and evaluation work. It is to improve the quality of education. This institute has already taken steps adequately on IT infrastructure with the technicians also. To maintain effective institutional management the college forms different cells like IQAC, Grievance Redressal Cell, Anti ragging committee, Minority Cell, SC/ST & OBC cell etc. The Institute also keeps a provision of expenditure for maintenance of campus infrastructure with supportive facilities.

Student Support and Progression

Every year Institute publishes a Prospectus where admission procedure, and other activities throughout the year have been written elaborately for which students can learn their duties and responsibilities. Financial assistance to poor and meritorious students through scholarship and student concession are provided time to time in favour of the students as per Govt. order and Managing Committee. Students belong to SC/ST/OBC categories are taken care by the Institute. 4. Quality Indicator Framework(QIF)

Criterion 1 - Curricular Aspects

1.1 Curriculum Planning

1.1.1 Institution has a regular in house practice of planning and/or reviewing, revising curriculum and adapting it to local context /situation.

Response:

This institution is recognized by NCTE and affiliated to the WBUTTEPA and follows the universities curriculum structure. The curriculum and syllabus designed by NCERT and approved by universities, to which the RIEs are affiliated. NCERT has now revised the existing curriculum and syllabus in the light of stipulations of the NCTE regulation - 2014.

The institute prepares an academic calendar before the commencement of the academic session in accordance with the academic calendar of the affiliated university. We cannot make a plan for academic curriculum as we follow the NCTE regulations and we don't have any academic autonomy.

Academic council of our institution frame out total teaching plan for their faculty members for each academic session. The teacher prepares their teaching plan for the entire academic session following the academic calendar to complete the syllabus within the stipulated time. In case of not competition of syllabus as per the plan, a teacher takes extra classes. Remedial classes also provide whenever needed.

After completion of one-by-one-unit, internal evaluation is conducted by internal academic council of the college. Also, completion of all units one pre-examination mock test is conducted on whole syllabus by following the university question pattern. From this aforesaid evolution process the internal numbers is provided to the students.

Best practices

(i) Plantation programme

A very noble objective of plantation programme" is to save and protect to the environment by plantation work in every year on 5th June "world environment Day" and from 8 th July to 14th July **Aranya Saptaha** of the plantation programme are organised by the institution and administration through the active participation of training teachers, faculties and other members of the institution. In previous 4 year 2015 to 2018 huge number of plants distributed to the local area for plantation under the surveillance of the institution also new planted feedings wire protected with the princess and regular follow up was done by trainee teachers and faculties. Again a awareness program was organised in every year in the institution colaborately with students and local members of community. Further in the year 2020 online instruction where given to the trainee teacher to actively arrange the plantation programme in their own locality due to covid-19 lockdown period and near about 70% students successfully completed their tasks.

(ii) Financial facilities are provided to the the deserving students by the institution.

As the institution is situated at very remote rural and backward class area, so many students coming from very low economic background who deserve the quality higher education the sustained financial support is provided to them to push forward in the field of education. There is an arrangement to give the scholarship to the economically weaker student from institutional own fund and also there is a concession system on admission fees for those students without any discrimination of caste, creed or gender.

(iii) Promoting Universal Value

In this world of 21st century the major part of people are only depend upon self-interest reluctantly the institution recognised the need to inculcate universal values it promotes an of truth, selflessness, goodness religiosity etc. So the institution is working with this goal.

i. Special lecture on values based thoughts of Swami Vivekananda was delivered to the trainee teachers faculties and other members to.

ii . In every year '**Basanta Utsav**' was celebrated by the the institution and try to enhance the feelings of fraternity brotherhood and fellow feelings through 'Basanta Utsav'.

iii. To inculcate the various cultural values was organised on 28.09.2016 Lectured by Hon'ble Atamaprabha Nandajee

iv. To inculcate the social value some outreach activity where organised in local community area. Food and clothes distribution on 17.10.2015, 4.8.2017 and 29.1.2018
